

Which Shipping Container is Right for You?

Mica Corporation delivers products in a variety of sizes to ensure you get just the right amount of product delivered to you safely and efficiently every time.

Pails

Our plastic pails have an easy-pour spout built into the lids which make them ideal for small orders or trials.

Specs:

- Holds 40 lbs (18 kg) of product
- Comes with gasket providing secure seal
- Recessed lid provides stacking stability with various insert options

Dimensions:

- Height: 14.5" (37 cm)
- Diameter: 12.24" (31 cm)

Shipping: We can ship a maximum of 18 pails per pallet

Drums

Our closed-head drums are recyclable and have two openings for your convenience. For information on how to properly dispense MICA products from drums, please ask your technical sales representative for the Primer Intelligence article entitled "Dispensing Mica Primers from Plastic, Closed-Head Drums."

Specs:

- Holds 450 lbs (204 kg) of product
- 2" NPS threaded opening & plug with male thread
- 2" Buttress threaded opening & plug with male thread

Dimensions:

- Height: 34.80 +/- 0.20" (882 +/-5 mm)
- Diameter: 23.30 +/- 0.12" (592 +/-3 mm)

Shipping:

- A pallet can hold up to 4 drums
- 20' (6 m) and 40' (12 m) containers can hold up to 80 drums (double stacked) or 40 drums (not stacked)
- A standard truckload can hold up to 88 drums (22 pallets)

Totes

Intermediate bulk container (IBC) totes come with a 2" BSP threaded fill fitment with protective cap and locking ring. A dispensing adapter and valve are also provided to you, free of charge, with your first tote order (see photos below for reference). For more information about dispensing MICA products from totes, please ask your technical sales representative for our "Tote Dispensing" Primer Intelligence article and tutorial video.

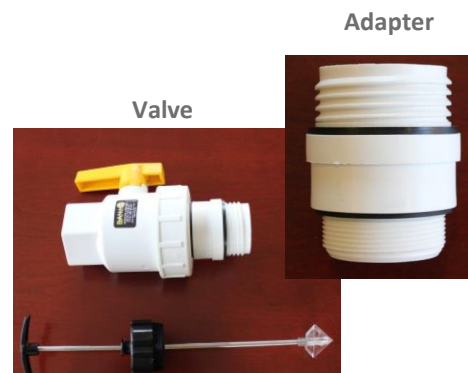

Specs:

- Holds 2,250 lbs (1,021 kg) of product
- Exterior is constructed of recyclable corrugated paperboard
- Liner is made of 3 ply, 3.2 mil type 43 coextruded LDPE to prevent leaks

Dimensions: 41" X 41" X 42"

Shipping:

- a 20' (6 m) container holds 10 totes
- a 40' (12 m) container can hold up to 18 totes
- A standard truckload can hold up to 18 totes

Pallet & Shipping Information

Pallet Specs:

- Measure 44" x 44"
- Weigh 60 lbs (27 kg) each
- Heat-treated
- Two-sided entry
- Reusable

Shipping Tip:

- A combination of totes and drums may be shipped in the same container or truckload for your convenience. For more information, please contact your Mica technical sales representative.
